Ningen Kyouki Katsuo v04-c027

Hey guys, due to the addition of our newest member Dannie Dark, we'll be able to finish ningen faster. I was actually planning on putting this series on hold due to there being no redrawer... but here we are. We still need people though. Anyway, enjoy the release.

Hey guys i'm trying to buy a few books but we seem to have finished all our money in the paypal account. I recently bought 4 new books, and before that another 4 books. If you could help us out with a few bucks — that would be great. I'm trying to buy Kaleido Star ~Wings of the Future~, Sci-Fi Harry, and maybe some other manga. Due to me living in Romania, the only way to send the books is by ems. And that's a little expensive ~_~. I put the above picture to attract attention :P

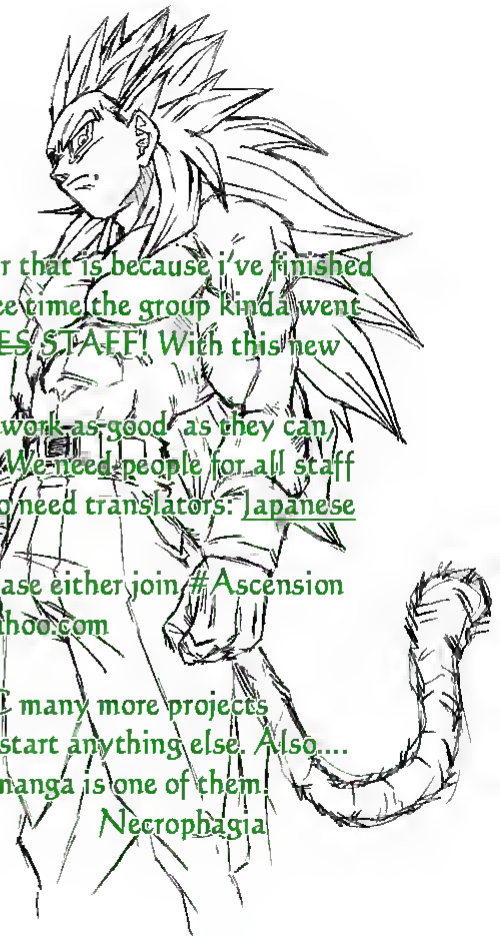
Ascension Scanlations is in need of new blood.



Hey guys, as you guys can see we've started a few new projects. The reason for that is because i've finished with my exams so i'm sort of free now. Anyway... due to me not having that much free time the group kinda went on a pause and that's because i have next to no staff. So that's why I NEED ~~SLAVES~~ STAFF! With this new batch of releases i'm hoping to get some extra hands that could help me out.

I want experienced staff but i'm willing to train new people that are willing to work as good as they can, and people that are gonna stay with us and not walk away from us after 1 week or so. We need people for all staff positions!.. Cleaning, Proofing, Quality-Checking, Typesetting, Redrawing. We also need translators: Japanese to English, French to English, Chinese to English, Korean to English.

The ones that we need most are the ones underlined. Whoever is interested please either join #Ascension on irc.irchighway.net, or post on our forum, or send me a mail at bratan_valentin@yahoo.com

Seriously now, help us and we'll release faster and more releases. I have on my PC many more projects that are interesting, but i need help to finish the ones that i started first before i can start anything else. Also.... my list of mangas that i want to do is reallllly big, who knows maybe your favorite manga is one of them!
